

Talent ID: 66307

Title: Registered Nurse

Location: Philadelphia, USA

Summary

Experienced nursing professional with proven clinical expertise and skills necessary to excel in today's healthcare settings. Sound judgment and strengths in workflow optimization and strategic planning. Vigilant and conscientious about isolating and resolving concerns.

Professional Experience

Registered Nurse Team Lead

Healthcare Provider, Philadelphia

- Provides individualized and extensive education to patients and their partners on fertility processes, procedures, and medication regimens.
- Delivers both positive and negative information to patients through strong communication skills and emotional intelligence.
- Performs transvaginal ultrasounds and intrauterine inseminations.
- Educates and mentors new staff, providing guidance on clinical skills and professional development.

Nurse Manager

Healthcare Facility, Philadelphia

- Participated in the development of long-range strategic plans, governance structure, and objectives for practice management.
- Engaged in clinical care, including patient navigation, telephone triage, transvaginal ultrasounds, intrauterine insemination, and pre-, intra-, and post-operative duties.
- Led staff meetings to inform team of departmental changes and facilitate idea-sharing among nurses.
- Conducted performance evaluations and provided constructive feedback to support professional growth.

- Managed scheduling and staff performance, ensuring optimal patient care while maintaining team efficiency.
- Assisted in recruitment and retention efforts for both professional and non-professional staff.

Registered Nurse

Healthcare Provider, Philadelphia

- Provided individualized education to patients and their partners on fertility processes, procedures, and medication regimens.
- Delivered positive and negative information to patients with strong communication and emotional intelligence.
- Performed transvaginal ultrasounds and intrauterine inseminations.
- Offered pre-, intra-, and post-operative care for patients in a fast-paced surgical center setting.

Third-Party Reproductive Coordinator

Healthcare Provider, Philadelphia

- Managed and coordinated all aspects of third-party reproductive services, including egg donation, sperm donation, and gestational carrier services.
- Ensured adherence to state and federal regulations.

Team Trainer

Healthcare Facility, Philadelphia

- Developed and implemented a successful onboarding program and training content to align with company goals and values.
- Trained and mentored new personnel, ensuring a strong company culture and operational consistency.
- Evaluated training effectiveness and outcomes, continually improving program delivery.

Research Coordinator

Healthcare Facility, Philadelphia

- Initiated and maintained IRB submissions, coordinated patient and staff education, and ensured compliance with regulatory guidelines.
- Managed clinical trial activities and patient safety, including screening and monitoring for adverse events.
- Maintained strict adherence to ethical guidelines and ensured compliance with study protocols.
