

Talent ID: 09172

Title: Senior Fertility Consultant

Location: New Delhi, India

Summary

A highly experienced professional with a demonstrated history of leadership in the fertility and reproductive healthcare industry. Over a decade of experience in providing international fertility consulting services, including assisted reproductive technologies (ART), egg donation, and surrogacy services. Passionate about helping families build their futures, with extensive expertise in cross-border fertility treatments and surrogacy across multiple countries. Known for compassion, integrity, and a personal commitment to clients, providing comprehensive guidance and support to intended parents through the entire surrogacy journey. Focused on delivering accessible, high-quality, and affordable services to a diverse, global client base.

Professional Experience

Director

IVF Consultancy & Surrogacy Services
(2013 - Present)

- Leading a fertility consultancy specializing in egg donation and surrogacy services worldwide.
- Building strong relationships with clinics and agencies in multiple countries, ensuring high-quality and ethical standards in cross-border surrogacy services.
- Providing end-to-end consulting for clients, from initial inquiry to surrogacy delivery, focusing on personalized care and informed decision-making.
- Managing partnerships with fertility clinics, egg donor agencies, and surrogacy networks across more than 8 countries, including India, Nepal, Mexico, Ukraine, and others.
- Facilitating a seamless, transparent process for intended parents, ensuring all legal, medical, and logistical aspects are addressed.

Director

Fertility Clinic & Surrogacy Network
(2013)

- Directed operations and strategic planning for a fertility network specializing in international surrogacy services.
- Oversaw staff, patient care, and the coordination of treatment services, ensuring smooth delivery of IVF, egg donation, and surrogacy programs.

Director

International Surrogacy Services

(2010 - 2013)

- Managed the daily operations and administrative functions of an international surrogacy agency.
 - Coordinated and supervised IVF treatments, egg donation processes, and surrogacy arrangements for clients from various regions.
 - Ensured that clients received exceptional service, adhering to international medical and ethical standards.
-
